

Here at Supreme Sound of Colorado we have been monitoring all of the activity and updates surrounding Covid-19 and have put in place a standard of operating procedures to keep not only our customers safe, but also employees and our vendors as well.

At Supreme Sound we believe our employees are our most valued asset, and our customers are our first priority.

We are taking measures and precautions in effort to keep our employees, vendors, customers, families, and the general public healthy and safe.

-Every morning before work begins, all employees are required to participate in a temperature check.

-Upon arriving at your home or place of business, we are requesting that you observe the recommended rules of social distancing set by the CDC and maintain a minimum of 6 feet.

-In order to help stop the spread of germs, we will be cleaning all contacted areas with disinfectant wipes.

Supreme Sound of Colorado would like to thank everyone for their understanding and patience while we tread through these tough times. This is a challenging time for people and businesses, but we are confident that with your help and the preventative measures that are set in place that we will be able to continue to serve all of our client's needs.

Thank you from all of here,

Supreme Sound of Colorado
